

## DWARF RHODODENDRONS

**This variety of Rhododendron flower from early March to the end of April and range in height from 20 cm to 100 cm after 10 years. The Dwarf Rhododendron also has a varied selection of leaf size.**

**2 litres - £9.00  
4 litres - £12.50  
7.5 litres - £17.95  
Larger sizes available please enquire**

### **AUGUST LAMKEN**

Dark rose flowers with red flecks in the throat. Height: 60 – 90 cm.

### **BADEN BADEN**

Blood red flowers on a compact neat and tidy plant. Height: 30 – 60 cm.

### **BARNABY SUNSET**

Bright yellow flowers in spring. Height: 90 – 120 cm in 10 years.

### **BLUE BIRD**

Rich lavender-blue flowers in spring. Dwarf, compact growth. Height: 60 cm.

### **BLUE DIAMOND**

Blue/pink flowers in spring. Height: 15 - 25 cm.

### **BLUE TIT**

Bright blue flowers in spring, pale green leaves. Height: 20 – 30 cm.

### **BOW BELLS**

Rose pink flowers. Height: 30 – 60 cm.

### **BREMEN**

Dark red flowers, compact habit. Height: 30 – 60 cm.

### **BRIC-A-BRAC**

White flowers with chocolate anthers, very early flowering. Height: 60 – 90 cm.

### **CAERHAYS LAWRENCE**

Pale yellow trumpet flowers in April.

Hardy but best in sheltered position. Height: 60 – 90 cm.

### **CARMEN**

Deep red flowers in April – May. Ultra dwarf.

### **CILPINENSE**

Shallow bell shaped white flowers flushed with pink that is deeper in bud. Neat rounded habit. Height: 90 cm.

### **CURLEW**

Bright yellow flowers in spring. Height: 30 – 60 cm.

### **DORA AMATEIS**

Pure white flowers. Dwarf. Compact habit. Height: 90 – 120 cm in 10 years.

### **ELIZABETH**

Bright red flowers in early spring. Height: 60 – 100 cm.

### **ELIZABETH HOBBIE**

Deep red trumpet shaped flowers. Dwarf. Height: 60 – 100 cm.

### **ERNIE DEE**

Small blue-lavender flowers cover this plant in spring. Compact grower. Height: 20 – 30 cm.

### **FERNWOOD**

Pale yellow/pink flowers in spring.

### **FRAGRANTISSIMUM**

Pale pink to white flowers in late spring. Highly scented. Height: 90 – 120 cm in 10 years.

### **GARTENDIREKTOR RIEGER**

Creamy white flowers with red spotting on upper lobe. Height: 60 – 100 cm.

### **GINNY GEE**

Pale yellow/pink flowers. Dwarf. Height: 15 - 25 cm.

### **HUMMING BIRD**

Crimson flowers in April/May. Height: 30 – 60 cm.

### **IMP. BLUE STEEL**

Vivid blue flowers in April/May. Often blooms in autumn as well as spring. Ultra dwarf. Height: 9 – 12”

### **KEISHEI YAKU FAIRY**

Pale yellow trumpet shaped flowers. Early flowering. Dwarf. Mound forming. Semi evergreen.

### **OLIVE**

Pale lavender-rose flowers in early spring. Height: 60 cm.

### **PATTY BEE**

Lemon yellow trumpet shaped flowers, compact habit. Height: 30 – 50 cm.

### **PHALROPE**

Pale pink flowers. Early flowering. Dwarf. Height: 60 cm.

### **PINK DRIFT**

Pink flowers. Ultra dwarf. Height: 30 cm.

### **PINKERTON**

Ball shaped trusses of coral pink flowers. Upright habit. Height: 100 cm.

### **PRAECOX**

Pale violet flowers in spring. Height: 90 – 120 cm in 10 years.

### **PRINCESS ANNE**

Pale yellow bell shaped flowers. Height: 90 cm.

**PURPLE EMPORER**

Purple flowers in spring. Dwarf. Height: 25 – 30 cm

**RAMAPO**

Violet blue flowers in spring. Very dwarf, mound forming.

**SCARLET WONDER**

Ruby red trumpet shaped flowers with a frilly margin in May – June. Dwarf, compact growth.

**SETA**

Vivid pink/white flowers in early spring. Height: 60 cm.

**SHAMROCK**

Pale green flowers. Dwarf. Height: 60 – 90 cm.

**ST. TUDY**

Lobelia blue flowers in mid summer. Dwarf. Grows well in moist conditions. Height: 60 – 90 cm

**TEAL**

Mid yellow flowers in spring. Dwarf, compact shrub.

**WEE BEE**

Pale yellow/pink flowers. Height: 30 cm

**WILBRIT**

Coral pink flowers in spring. Height: 40 – 60 cm in 10 years.

**YELLOW HAMMER**

Tubular little flowers of clear empire yellow in clusters of 2 or 3. Often blooms in autumn as well as spring. Height: 120 cm.

| <b>7.5 litres - £19.95</b> |

**ABENDSONNE**

Bell shaped orangy red flowers. Height: 60 – 80 cm.

**ALBERT CLOSE**

Rose pink flowers spotted chocolate-red. Height: 100 cm.

**ALBERT SCHWEITZER**

Rose pink flowers with a dark reddish blotch on upper lobe. Height: 120 cm.

**ALFRED**

Strongly frilled dark-violet flowers. Height: 100 cm.

**AMERICA**

Tight ball shaped trusses of dark red flowers. Very hardy. Height: 120 cm.

**ANAH KRUSCHKE**

Reddish purple flowers on compact growing bush. Height: 120 cm.

**ANNA ROSE WHITNEY**

Deep rose pink flowers on strong vigorous grower. Height: 120 cm.

**APRICOT NECTAR**

Orange flowers with red edging. Height: 120 cm.

**BEAUTIFUL DAY**

Empire yellow flowers with orange stripes from the throat when first open. Attractive leaves with a blue green cast. Height: 100 cm.

**BELKANTO**

Pale yellow flowers with greenish yellow spotting. Height: 120 cm.

**BELL HELLER**

White flowers with prominent yellow blotch on upper lobe. Height: 120 cm.

**BLACK MAGIC**

Very dark red flowers on compact growing plant. Height: 60 – 80 cm.

**BLUE BELL**

Purple-blue flowers with a light centre and blotch. Height: 120 cm.

**BLUE PETER**

Very frilly pale lavender-blue flowers with purple flare. Height: 120 cm.

**BRASILIA**

Flowers creamy apricot blushed with red. Height: 80 cm.

**BRIGITTE**

Pale pink flowers with a darker pink edge. Height: 100 cm.

**BRITANNIA**

Red flowers on compact growing plant, leaves lime green. Height: 120 cm.

**BRUCE BRECHTBILL**

Attractive pale pink flowers with a yellow throat and shiny rounded foliage. Height: 120 cm.

**CARACTACUS**

Flowers purplish-crimson, slightly spotted citron green in a dense rounded truss. Very hardy. Height: 120 cm.

**CARY ANN**

Coral-red flowers in upright trusses, which hold their colour well. Fairly compact low growing plant. Height: 80 – 100 cm.

**CATAWBIENSE ALBUM**

Flushed lilac buds opening to pure white flowers with a yellow-green flare. Sun, heat and wind tolerant. Height: 120 cm.

**CATAWBIENSE BOURSAULT**

Purple flowers with a few markings in a dense rounded truss. Height: 120 cm.

**CATAWBIENSE GRANDIFLORUM**

Long lasting lilac flowers with a yellowish-red blotch in a full rounded truss. Slightly glossy, smooth dark foliage. Attractive vigorous plant. Height: 120 cm.

**CHEER**

Very freely produced shell-pink flowers with prominent red blotch in a conical truss. Glossy mid-green leaves held for three years. Height: 100 cm.

**CHRISTMAS CHEER**

Pale pink/white flowers in early spring. Height: 90 – 120 cm.

**COSMOPOLITAN**

Light pink flowers fading to paler pink, with a deep-red flare in rounded trusses. Glossy dark foliage held for three years. Some buds may open in autumn. Compact grower. Height: 120 cm.

**CUNINGHAM'S BLUSH**

Lilac pink flowers, marked red, fading to blush pink. A reliable well structured plant. Height: 120 cm.

**CYNTHIA**

Large pyramidal trusses of deep rose-pink with extensive deep crimson staining on the upper lobe. Height: 120 cm.

**DAISY**

Carmine rose flowers with yellowish green spotting, in balled truss. Height: 120 cm.

**DIADEM**

Pink flowers with cherry red blotch. Glossy dark green foliage, tidy grower. Height: 120 cm.

**DIANE**

Tight trusses of creamy yellow flowers, flushed primrose yellow, with crimson spots in the throat, fading to creamy white. Likes partial shade, leaves pale green. Early season flowering. Height: 120 cm.

**DONATOR**

Flowers are deep purplish red, veined darker. Height: 100 cm.

**DR. A.W. ENDTZ**

Long lasting frilled carmine-pink flowers tinted lilac with a slightly yellow centre in a compact truss. Slightly twisted leaves on a compact plant. Free flowering and sun tolerant. Height: 120 cm.

**DR H.C. DRESSELHUYS**

Flowers aniline red, fading to lighter in the centre held in tall trusses. Height: 120 cm.

**EL CAMINO**

Huge rosy-red flowers with a darker blotch. Large grower.

**FRED WYNNIATT**

An award winning bloom from Exbury Gardens and a highly sought after plant by rhododendron collectors. Maize-yellow flowers, flushed neyron-rose in large flat-topped trusses. Height: 120 cm.

**FURNIVALS DAUGHTER**

Showy, bright pink flowers with strawberry red flare. Height: 150 cm in 10 years.

**GABRIELA**

Rose mauve flowers with green spots. Height: 100 cm.

**GANDY DANCER**

Large trusses of creamy-yellow flowers. Glossy mid green leaves. Height: 120 cm.

**GERMANIA**

Full rounded trusses of rose-red flowers. Good foliage on a compact plant. Hardy and free flowering. Height: 120 cm.

**GOLDEN GATE**

Reddish-pink flowers with orange-yellow centres, an unusual colour combination. Dense growing compact plant. Height: 100 cm.

**GOLDEN WITT**

Dense primrose-yellow flowers, prominently spotted red in a compact flat-topped truss. Dark, shiny, slightly twisted foliage retained for three years on a dense compact spreading plant. Height: 100 cm.

**GOMER WATERER**

Rosy lilac buds open to white flowers flushed with mauve-pink edges and yellow-brown flare. Height: 150 cm.

**HAIDA GOLD**

Light greenish-yellow flowers with a light yellow-green throat, slightly scented. Slow growing. Height: 90 cm.

**HALFDAN LEM**

Flowers are huge, thick textured, red with darker spotting, they fade out to pink as they age. Attractive thick, dark leaves with a slight twist and red buds, give it appeal out of flower. Height: 120 cm.

**HARVEST MOON**

Pale lemon-yellow flowers fade to cream with a small red/brown flare in a compact full truss. Rounded foliage is heavily veined, a fairly compact grower. Height: 120 cm.

**HONG KONG**

Primrose-yellow flowers with a pale greenish yellow blotch in a high flat truss. Yellow-green insect resistant foliage. Height: 120 cm.

**HORIZON MONARCH**

Top class rhododendron displaying very large yellow flowers with pink undertones and small

vivid red flare. A plant of strong sturdy habit and deep green foliage. Height: 120 cm.

**JACKSONII**

Bright pink flowers with red on edges and outsides, red spotting in the throat. Height: 120 cm.

**JUNGFRAU**

Large conical flower trusses of pale tyrian rose with a creamy white throat, slightly scented. A strong vigorous grower with an upright habit and dark leaves. Best in a sheltered site. Height: 120 cm.

**LADY CLEMENTINE MITFORD**

Peach pink edges pale to blush white in the centre, with red brown to greenish spots, in a compact rounded truss. Height: 120 cm.

**LANGWORTH**

Large white flowers with greenish blotch. Height: 150 cm in 10 years.

**LEE'S DARK PURPLE**

Dark purple flowers with a greenish brown flare fade to lighter purple in a dense, rounded truss. Height: 120 cm.

**LEM'S MONARCH**

Huge tall conical trusses of pale pink to white, ringed with a pink band round the edge of each flower. Thick, pointed insect resistant leaves on a tall spreading bush, which eventually grows very large. Height: 150 cm.

**LEM'S STORMCLOUD**

Flat-faced, cardinal-red flowers of good substance, paling in the centre to a near-white mottled blotch with white stamens. Best with a little shade. Height: 120 cm.

**LILA PEDIGO**

Bright yellow flowers, in a full truss, with red spotting fading to green. Dark glossy foliage. Height: 120 cm in 10 years.

**LODERI KING GEORGE**

Pink buds opening to huge white fragrant flowers with a green flash. Best in shaded area and protected from wind. Height: 180 cm.

**LODERI PINK DIAMOND**

One of the deepest clones. Fragrant flowers open rose pink and fade, with brown marking. Height: 120 cm.

**LORD ROBERTS**

Trusses of crimson-red flowers with a black flare. Buds up young. One of the best hardy reds. Height: 150 cm.

**MADAM MASSON**

Large trusses of white star-shaped flowers with bold yellow blotches. Height: 120 cm.

**MARGARET DUNN**

Flowers apricot flushed shell pink in loose trusses. Height: 120 cm.

**MARKEETA'S FLAME**

Heavy-textured red tinged rose flowers with darker spots, in large trusses. Thick dark

foliage with red petioles on an upright robust plant. Height: 120 cm.

**MARKEET'S PRIZE**

Large trusses of heavy textured pure bright scarlet flowers with a few darker spots. Thick heavy dark foliage on a strong stemmed upright plant. Height: 120 cm.

**MATADOR**

Dark scarlet-red flowers with some orange cast, black anthers and nectaries, in lax trusses. Height: 120 cm.

**MOSERS MAROON**

Wine red flowers with large red leaves. Height: 120 cm.

**MRS. BETTY ROBERTSON**

Pale yellow flowers, flushed cream, fading to cream with conspicuous red spotting in the centre. Compact and slow growing. Height: 100 cm.

**MRS. CHARLES PEARSON**

Flowers pale pinkish-mauve with brown spots, fading to paler, in a tall conical truss. Good quality matte foliage on a vigorous, upright reasonably compact plant. Height: 150 cm.

**MRS. FURNIVALL**

Light rose-pink flowers with conspicuous sienna blotch. Height: 120 cm.

**MRS T. H. LOWINSKY**

Mauve buds open to white flowers with striking orange flare. Unusual and attractive. Height: 150 cm.

**NANCY EVANS**

Orange-red buds open to ball-shaped trusses of 19 flowers, amber-yellow, orange. Compact plant with bronze young leaves turning glossy deep green. Height: 90 cm.

**NAOMI EXBURY**

Fragrant flowers of pale pink with lilac shading, yellow and white in the centre. A tall growing plant which benefits from some light shading and wind protection. Height: 120 cm.

**NORFRETETE**

Sanguine red flowers on a compact growing plant. Height: 100 cm.

**NOVA ZEMBLA**

Dark red flowers in a full rounded truss with darker spotting, very hardy variety. Deep green leaves on a sturdy upright grower. Height: 120 cm.

**OLD COPPER**

Red buds open to flowers of coppery salmon, fading to orange yellow with red spots, giving a multicoloured effect, in lax truss of about five. Height: 120 cm.

**OLD PORT**

Medium purple flowers with deep blotch in balled truss. A vigorous plant with good glossy deeply grooved leaves and a fair habit. Height: 120 cm.

**OLIN O. DOBBS**

Dark deep reddish purple flowers with a large deep red flare. Free flowering. Height: 150 cm.

**PAPRIKA SPICED**

Chrome-yellow flowers with an orange-yellow centre and paprika-red flare in 10 – 12 trusses. Low to medium grower. Height: 130 cm.

**PINK PEARL**

Large conical trusses of soft pink flowers which fade to near white with brown speckling in the upper lobe. Height: 120 cm.

**POINT DEFIANCE**

Huge, thick textured flowers of succulent white edged picotee shades pink which fades with age. Large leathery deep green leaves with a slight twist, on a vigorous upright plant. Height: 150 cm.

**POLAR BEAR**

Large trusses of white, fragrant flowers with a light green throat. Late flowering. Prefers light shade. Height: 180 cm.

**PRAWN**

Salmon shrimp flowers in flat topped trusses. Vigorous upright grower. Height: 150 cm.

**PURPLE LACE**

Very frilly flowers in full trusses, fairly deep-red/purple, or burgundy, paling towards the centre. Glossy foliage on a compact, dense spreading bush. Height: 120 cm.

**PURPLE SPLENDOUR**

Fripped deep purple flowers with black blotch in centre and cream stamens. Height: 150 cm.

**RING OF FIRE**

Spectacular yellow flowers with a ring of orange-red around the margins, in a flat topped truss. Dark foliage on a compact, fairly vigorous plant. Height: 100 cm.

**ROCKET**

Glowing blood red, bell shaped flowers. Early season. Height: 150 – 180 cm in 10 years.

**ROSEUM ELEGANS**

Rosy lilac flowers fade to pinkish in a dome shaped truss. Dark glossy leaves on a vigorous upright plant. Height: 150 – 180 cm.

**SAMMETGLUT**

Bright cardinal red flowers with contrasting pale anthers in a full rounded truss. Good dark shiny foliage on an upright fairly loose plant. Very hardy. Height: 120 cm.

**SAPPHO**

White flowers with purple blotches in trusses of 15. Needs frequent pinching during development. Height: 180 cm.

**SCINTILLATION**

Pastel-pink flowers of good substance, with a brown and bronzy pink flare, in a full rounded truss. Winner of many awards. Good dark

glossy foliage on strong stems forming a well shaped plant. Height: 120 cm.

**SECOND HONEYMOON**

Greenish-yellow flowers with red spotting in throat. Dense shiny foliage. Height: 120 cm.

**SEPTEMBER SONG**

Striking orange flowers on a compact plant with olive-green foliage. Height: 120 cm.

**SIMONA**

Large deep pink buds open to light neyron-rose flowers, edged phlox-pink outside and yellow-orange inside, blotched ruby red in a rounded multicoloured truss. Makes a bush wider than tall. Height: 100 cm.

**SWAMP BEAUTY**

Rosy/purple flowers with striking maroon flare in huge truss. Flowering in early June. A glowing vigorous plant. Height: 150 – 180 cm.

**SWEET SIMPLICITY**

Two toned ruffled white flowers with a pink edging and olive spots, in a small rounded truss. Dark glossy fairly large foliage on a bushy compact plant. Takes full exposure and heat. Height: 120 cm.

**TAURUS**

Vibrant flowers are cherry red and orient red, with a turkey red throat, spotted black, in globular trusses. Very thick deep green, insect resistant, pointed foliage on a sturdy upright plant of compact habit. Height: 120 cm.

**TORNADO**

Currant red flowers darker in centre. Height: 100 cm.

**TRUDE WEBSTER**

Huge conical trusses of large clear deepish pink flowers of good substance, spotted darker, which fade somewhat to near white. Fine robust slightly twisted foliage on a strong fairly vigorous plant. Height: 120 cm.

**UNIQUE**

Pink buds open to pale ochre-yellow flowers flushed pink in throat. Height: 120 cm.

**VIRGINIA RICHARDS**

Flowers open rosy pink, changing to peachy pink and finally to soft apricot cream, with a red centre to each flower. Long lasting frilled flowers in a fairly full truss. Excellent dark glossy foliage and first rate habit. Height: 120 cm.

**VISCY**

Huge whisky coloured orange and yellow flowers, long lasting. Dark shiny green foliage, attractively ribbed. Height: 150 cm .

**VULCAN**

Domed trusses of fiery blood red. Long leaves on a compact but not very dense bush. Heat and sun tolerant. Height: 120 cm.

**WHITE GOLD**

Unusual trusses of reflexed flowers, white with large 'v'-shaped yellow and brown flare.  
Height: 120 cm.

#### **WILGEN'S RUBY**

Full trusses of fine, deep red flowers with brown spotting in the upper lobes. Slow growing and compact with leaves that curve upwards from the midrib. Height: 100 cm.

#### **WINSOME**

A compact and dense grower displaying trusses of neyron-rose flowers in lax trusses. Pointed leaves, bronzy when young, have a thin indumentum below. Height: 100 cm.

#### **ZUIDERZEE**

Creamy yellow flowers, lightly spotted red in a compact truss. Heavily veined leaves on a compact, slow growing plant. Best grown with some woodland shade. Height: 100 cm.

### **YAKUSHIMANUM RHODODENDRON**

**This variety of Rhododendron have a more compact growth with height varying from 80cm to 120cm in 10 years and are suitable for tubs and patio pots, flowering from April to May.**

**3 litres - £13.95  
7.5 litres - £19.95**

#### **AMITY**

Rose opal to jasper red flowers in trusses of fifteen with silver indumenta new leaves.  
Height: 90 cm.

#### **ANNA H HALL**

White flowers from pink buds. Resembling species. Height: 90 – 120 cm.

#### **ARABELLA**

Pink frilly flowers with a darker centre.

Height: 90 cm.

#### **BARMSTEDT**

Flowers neyron rose in rounded truss. Height: 90 cm.

#### **BIRTHDAY GIRL**

Purplish pink flowers with red orange spotting on tube. Height: 120 cm.

#### **BLURETTIA**

Flowers medium mallow purple with wavy margins, lighter centre, slight red markings, in a balled truss. Light green leaves with some indumentum below on a fairly compact plant. Height: 100 cm.

#### **CAROLINE ALLBROOK**

Covered with frilly lavender flowers in round trusses. Free flowering. Vigorous and hardy. Height: 120 cm.

#### **DOPEY**

Deep glossy red long lasting flowers with dark brown spots in a full upright firm truss.

Medium dull green leaves on a compact but fairly upright plant. Height: 100 cm.

#### **DREAMLAND**

Pale pink flowers with deeper pink edge and white calyx. Height: 120 cm.

#### **EXCELSIOR**

Pink flowers with a red rim. Compact low growing plant. Height: 90 cm.

#### **FRED PESTE**

Flowers widely funnel-campanulate. Flat red trusses with a darker throat and deep red spotting. Olive green leaves. Height: 90 cm.

#### **GOLDEN TORCH**

Salmon-pink buds open to soft yellow flowers. Compact truss of 13-15 flowers. Height: 90 cm after 10 years.

#### **GRUMPY**

Orange buds open to cream flowers tinged with rose. Excellent foliage with indumentum. Compact habit. Height: 90 cm.

#### **GUNBORG**

Light rose flowers with yellowish spotting. Large mid green leaves, compact habit. Height: 100 cm.

#### **HOPPY**

Pale lilac pink frilled flowers spotted with ochre. 18 flower trusses. Height: 90 cm.

#### **INCENSE**

Dwarf hardy shrub flowering in April/May. Best in a sheltered position.

#### **MILANO**

Light pink flowers with darker pink-red spotting on upper lobe. Attractive foliage. Height: 100 cm.

**PERCY WISEMAN**

Showy multi-coloured flowers, peach pink and cream, fading to creamy white with a yellow throat and green markings in a rounded truss. Shiny, clean dark foliage on a fairly compact, vigorous plant. Height: 100 cm.

**PINK CHERUB**

Salmon-pink buds opening to white flowers flushed with fuchsia purple and rose-bengal on reverse. Trusses of 15-20. Low growing.

**SILBERWOLKE** (syn. 'Silver Cloud')

Very light purple frilled flowers, darker outside and spotted yellow-green in the throat. Attractive deep green thick foliage, on a low compact rounded bush. Height: 100 cm.

**SILVER SIXPENCE**

Buds open with a hint of green and mauve. Creamy-white flowers spotted with lemon-yellow. Trusses of 8-10. Height: 90 cm.

**SKOOKUM**

Strong red flowers with white filaments. Height: 90 cm.

**SLEEPY**

Light lavender pink flowers with a brown blotch. Height: 90 cm.

**SOLIDARITY**

Trusses of deep pink flowers with purple red margins blending to purple pink in throat. Dense and well shaped. Height: 90 cm.

**SURREY HEATH**

Rose-pink flowers with creamy-yellow centre that's slightly spotted orange. Trusses of 12-16. Buds up young. Height: 90 cm.

**SWEET SUE**

Soft pink buds open to rounded trusses of pink with rosy shades. Height: 90 cm.

**TITAN BEAUTY**

Deep waxy red flowers with fine attractive foliage. Compact plant. Buds up young. Good all rounder. Height: 90 cm.

**VENETIAN CHIMES**

Flowers campanula carmine rose with dark spotting. Vigorous, compact shrub. Height: 60 cm.

**WALLY MILLER**

Lovely pink flowers with silvery green leaves. Compact grower. Height: 120 cm.

**YAKU PRINCE**

Purplish pink flowers with a paler blotch and dark orange red spotting. Height: 90 cm.

**YAKUSHIMANUM SPECIES**

Rose coloured buds opening to apple-blossom flowers. Attractive foliage with thick indumentum. Height: 90 cm.
